Global Youth Connect’s (GYC) Human Rights Delegation in Colombia. Applications are open for students to participate from June 18th - June 30th, 2017. The Colombian government and FARC guerrillas recently reached a historic agreement to formally end more than 52 years of armed conflict, the longest running war in the Western Hemisphere. GYC’s delegation provides a fantastic opportunity to experience history in the making. Delegates will gain unique insight into the promises and challenges of conflict transformation, transitional justice, and human rights work in Colombia from leaders building peace throughout the country. Traveling from government meetings in the capital to site visits with social activists in the countryside, the delegation will engage with experts and inspire future work to protect human rights. Early admission discount deadline: February 15, 2017. For more information please visit: http://www.globalyouthconnect.org/colombia.

Summer Internships with Student Conservation Association (SCA) Open for Applications - Working closely with the National Park Service and the US Fish and Wildlife Service, the Student Conservation Association (SCA) has developed paid internships aimed at providing students with the mentorship and hands-on experience needed for the 21st century workforce. Internships are found in a wide variety of fields--education, historical preservation, resource management, visitor service, and many others--but they all have one thing in common: they promote social, personal, and academic development, and pave the way for professional success. For more information about SCA or to search our other internship and program opportunities, please visit our website at www.thesca.org.

2017 Summer Internship at UCSD/Scripps Institution of Oceanography/Marine Physical Laboratory - Are you considering applying to grad school and interested in oceanography as a career path? Contemplating a career in scientific research and development? The Marine Physical Laboratory, at UC San Diego’s world renowned Scripps Institution of Oceanography, is currently seeking inquisitive, motivated undergraduate students with exceptional aptitude for quantitative science to apply for the 2017 MPL Summer Internship Program. Undergraduate college students majoring in Applied Mathematics, Engineering, Physics, Chemistry, Biology or Geology are encouraged to apply. This ten-week internship will offer qualified students the opportunity to work with some of the most notable scientists in the world and learn about marine science and technology while earning a modest salary. More information can be found on our website https://scripps.ucsd.edu/mpl/mpl-summer-internship-program, where we will be accepting applications through 4 p.m. Pacific time on February 17, 2017.

Summer Internships with the Analyst Institute - The Analyst Institute helps Democratic and progressive groups figure out what really works in political and social justice campaigns. We share recommendations and provide education and training for the progressive community. We keep a low-profile, but we work with all the big name groups in the progressive ecosystem—labor unions, environmental groups, racial justice organizers, LGBTQIA rights advocates, you name it—from local and state-based groups all the way up to Presidential campaigns. We’re looking to train paid interns, and to launch their careers. We offer two internship tracks:
Synthesis and Outreach, and Statistics and Programming. To learn more and apply, click [here](mailto:).
